

Dear President of the United States:

National Petition to Re-establish the US Civilian Conservation Corps

We the undersigned Citizens of the United States URGE our President to shepherd through Congress HR 494 the 21st Century Civilian Conservation Corps Act or sign an executive order to re-establish the United States Civilian Conservation Corps (CCC). From 1933 to 1942, the twentieth Century CCC created the largest civilian mobilization and was the most successful federal work program in US history. The CCC still is the government's most lasting environmental effort as well. The CCC demonstrated that there was absolutely no conflict between the preservation of the environment and the creation of jobs. The CCC will provide actual green job training, job creation and national service for future generations.

"We cannot always build the future for our youth, but we can build them for the future!" ~ FDR

Send, email or Fax petition(s) to the White House @ 1-202-456-2461
